Order NOW – Limited Time Offering

The Postwar #60 Trolley commonly came with blue lettering. Much harder to find is the version with black lettering. Almost impossible to find is one of the handful of #60's with **RED** lettering. Until now! This 100% Lionel made and decorated Postwar inspired #60 trolley is now being offered in limited quantities with **RED** lettering, just like the nearly impossible to find original. The trolley features bumper activated reversible operation, dual roof mounted trolley poles that raise and lower, interior illumination, and window silhouettes. The trolley (2001560) also features a maintenance free motor and illuminated headlights. Please, do not delay; order today. You can also order online and pay with your credit card or PayPal. Go to [www.METCA.org](http://www.METCA.org)
